# About

Hi there! It's nice to meet you. My husband and I started Wildflower rentals after struggling to find rentals for our wedding that matched our earthy, bohemian style taste.

We wanted to bring new and fresh rental options to the North Bay area at an affordable rate, because let's be real, weddings are expensive!

Our goal is simple, we want to help other couples achieve their dream wedding at an affordable price.

As we continue to grow our business we will be adding new decor and event rentals to keep up with trendy designs and requests from you!

Thanks for visiting our business, we can't wait to be a part of your special day!

- Ash & Dave
